

English

Our initial focus will be description before moving onto lots of fiction and guided reading work about the book 'Holes'. We will also be writing information texts and biographies – both linked to our topic. We will also continue to use inference skills to understand texts and build our vocabulary.

Maths

We will begin the term refreshing and building upon our place value and four operations knowledge. We will then work with fractions.

Science

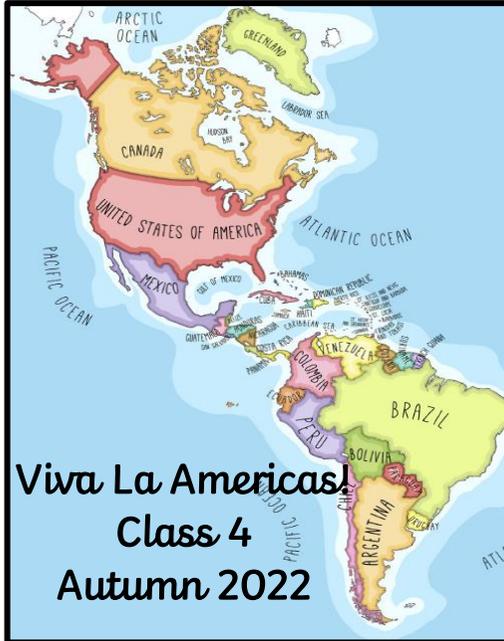

We will be learning all about the circulatory system and how blood travels around our bodies. We will then begin to understand evolution and inheritance and the work of Charles Darwin.

RE

We will be considering the question 'What does it mean for Christians to believe that God is holy and loving?' and using many sources of evidence, such as Psalms, Bible verses and churches, to inform our thinking.

Art

During this topic, we will be learning all about Frida Kahlo. We will study her artwork and create some Kahlo-inspired pieces.

PE

We will be working on our gymnastics, football and hockey skills, as well as teamwork, leadership and formulating tactics.

PSHE

We will be completing the Being Me and Celebrating Differences units of Jigsaw.

History

We will discuss how the Americas have changed over time and mark Black History Month.

Geography

Our topic will focus on the continents of North and South America. We will locate the continents, discuss their positioning and how this affects the climate. We will also research the physical and human geography of the regions. Whilst doing this, we will continuously compare the areas to each other and the UK. We will end the topic with an in-depth study of two countries.

Spanish

We will continue to build our Spanish skills as well as learning about the culture of Spanish-speaking American countries.

DT

Inspired by the bridges of North and South America, we will have a go at creating our own – thinking about what makes it strong and functional.
